

United States Holocaust Memorial Council

March 3, 1981

Dear Mr. Maitland:

Thank you for your letter of February 17, 1981.

Plans for the International Liberators Conference are underway, but there are some projects still to be finalized. We are pleased to include your name on our mailing list, so that you will be kept up-to-date as arrangements continue to be made.

You mentioned in your letter that you have photographs. I regret the necessity to ask you, but it is important to us to have as many details as you can give us regarding them. For example, if there are photographs of bodies, approximately how many bodies were there? Do you have any idea who they were, and how they died? Also, can you supply similar information regarding bodies in railroad cars, etc.

As you probably are aware, there are people writing books and articles denying that there ever were any death camps. Your photographs, and your explanation and verification of them, are extremely valuable to truth and history.

Thank you again for your important contribution.

Sincerely,

Miles Lerman
