PREFACE

Although Jews find malice in all alien comment that is not complimentary, and disguised anti-Jewish propaganda in all friendly Gentile criticism, scientific study of the cause of anti-Jewism is the only thing that will prevent prejudice, hatred and bloodshed: "For we prejudge what we do not know, and we hate what we do not understand; and there can be no *tolerance* until we have a full understanding of what is tolerated. Ignorance, suppression, silence, and winking at wrong doing are not tolerance."

My object in presenting to the public these seven pamphlets—which *should be read in the order here given*—is to lessen the unfriendly feeling which is daily increasing against the Jew, by pointing out past and present activities which must be avoided if the Jew expects to stem the rising tide of anti-Jewism which threatens to sweep the Jews from the confines of every Christian nation. The Gentiles have never submitted for long to the domination of Jewry—today, the unwanted Jew is migrating from Germany; tomorrow the same thing may be said of the Jews of all Europe. If you are interested in the Jewish Question, read carefully the following:

1. Truths Gentiles Should Know 25c
2. Was Christ a Jew? 10c
3. Are the Jews God's Chosen? 10c
4. The Evidence of Jewish Financial Control 25c
5. The Psychological Cause of Anti-Jewism 25c
6. The Secret of the Jew's Financial Success 25c
7. The Cause of Anti-Jewism in the United States 15c

The Evidence of Jewish Financial Control

"The Great War," says Hilaire Belloc, in his book, *The Jews*, "brought thousands of educated men (who took up public duties as temporary officials) up against the staggering secret they had never suspected—the complete control exercised over things absolutely necessary to the nation's survival by half a dozen Jews, who were completely indifferent as to whether we or the enemy should emerge alive from the struggle." The reasons for the present interest in the question are (1) that it is a question of great importance in that as early as 1909 the Arabic paper *Al Kalem*, quotes Isaac-Adolphe Cremieux, founder of the Alliance Israelite Universelle, as saying: "Our task is great and holy and its success is guaranteed. Catholicism, our greatest foe, lay wounded in its brains. . . . What have we to be afraid of? The day is approaching when all the wealth of the world will become the property of the Sons of Israel." And President Garfield warned the people of the United States saying, "Whoever controls the money of a nation, controls that nation." (2) It is a question of timely interest in that Belloc informs the public in 1923, saying, "The most important men in control of international finance are admittedly Jewish"; while the Hon. Louis T. McFadden of Pennsylvania, in the House of Representatives, May 29, 1933, said, "In the United States today, the Gentiles have slips of paper while the Jews have gold and lawful money." Men the world over are beginning to grasp the full significance of

of the Reich, Friedrich Ebert became the first president of the German Republic; Vandervelde became the prime minister of Belgium; Lenin and Trotzki, dictators of Russia; Branting became the prime-minister of Sweden; and Stauning the prime-minister of Denmark." — *World-Service, Dec. 1, 1933.*

"Our cause," said the Jew Isaac Cremieux, "is great and holy, and its success is guaranteed. Catholicism, our immemorial enemy, is lying in the dust mortally wounded in the head. The net which Jewry is throwing over the globe of the earth is widening and spreading daily."

"The only dangerous rival of the Aryan at present is the Jew. . . . The question is whether in the struggle for existence the English and Americans or the Jews have the better chance to win." *Lapouge: L'Aryan: son Role Social.*

With whom shall you cast your lot? But before deciding become familiar with the history of each.
