

MYSTERIOUS JEW POWER

By Rev. Gordon Winrod, D.D.

(Following is the body of a letter written by the Rev. Gordon Winrod, D.D. to friends on February 12, 1963. Information contained in the letter is of such urgency that the demand for copies has required printing for mass distribution.)

Dear Christian friend,

Anyone who says that we who live in America have freedom of speech just does not know what he is talking about. We live under a dictatorship which is nearly absolute in its authority.

It is a power which works behind the scenes, and, therefore, is cloaked in secrecy and mystery. But the power is there! You and I and all of our fellow citizens live under it, and are subject to it. The great trouble is that it does not OBVIOUSLY and DIRECTLY touch every individual, personally. For that reason the citizenry is, for the most part, oblivious to the dictatorship under which they live and to which they are subservient.

The FIRST law under a dictatorship is that the subjects do NOT SPEAK AGAINST THE DICTATOR!

If you lived in Russia today, you would not speak against the dictator. If you violated this law you would be severely punished, starved or shot.

In Cuba today no one speaks against the dictatorship. If he does, definite and immediate action will be taken to silence him.

Here in these United States, likewise, WE live under a dictatorship; and we dare not speak against the Dictator.

Someone might argue that this is a Republic and that we may freely speak against Kennedy, Johnson, or Fulbright. And that is true, but they are not the dictatorship!

Someone says: "But I may speak against the Democrats and Republicans." That is correct; for they are not the dictatorship either.

And you may speak against the Methodists,

Baptists, Jehovah Witnesses, Roman Catholics, Lutherans, etc. Many protestant preachers speak openly against the Roman Catholic Church without fear of reprisal.

But Protestant pastors and Roman Catholic priests, together, come under the same dictatorship—for who of them dares to speak against the JEWS?

The DICTATORSHIP in our country is the same dictatorship which rules all "communist" countries in the world today. The difference is not in ESSENCE, but only in DEGREE.

The dictatorship of JEWRY is also in control of the Christian Churches and pulpits.

Christ does not control "Christian" churches. The JEWS do! This is a HARD fact to face! Truth is unpleasant. But one thing about truth is that it still remains truth!

Let me repeat: All Christian denominationalism, of any consequence, is controlled, not by Christ, but by JEWRY.

Please permit me to cite an example by way of illustration. I was assistant pastor of First Lutheran Church, Little Rock, Arkansas, two years ago. In June of 1961 I was suddenly put out of my pastorate. It was done so quickly that the people in that congregation did not even know WHY! THE REASON WHY MY FAMILY AND I WERE PUT OUT of our church and job on a two day notice was BECAUSE I DARED SPEAK AGAINST THE DICTATORSHIP, the JEWS.

I had not spoken against leaders of the Lutheran Church. I had not spoken against Lutheranism or against Christianity, but against JEWRY.

Had I been a Jewish rabbi in a Jewish synagogue, and spoken against JEWRY, I might have expected to lose my job. Or, as a Lutheran pastor in a Lutheran Church, had I spoken

against Lutherans and Lutheranism, I might have expected to lose my job.

But, as it was, I was a Christian pastor in a nominally Christian congregation who spoke against JEWRY and lost my job!!

If we are willing to be honest, then we must ask the question: "Then WHO CONTROLS the Lutheran Church from which I was expelled as pastor?"

I was a Christian pastor in a Lutheran congregation in downtown Little Rock. Because I spoke against the Jews, I was put out! **Then WHO CONTROLS that church?**

That is not all. Furthermore, I was even made INELIGIBLE FOR A CALL IN A CONGREGATION OF THE LUTHERAN CHURCH — Missouri Synod, for speaking against the Jews!! **Then, who controls the Lutheran Church —Missouri Synod?**

How unpleasant a question! More unpleasant, the answer!

And, this is not true of the Lutheran Church —Missouri Synod, ALONE. This is true of Christian denominationalism of any size throughout the world.

We began weekly Sunday evening broadcasts of THE WINROD HOUR on a powerful Mexican border radio station last September (1962). Before we began broadcasting I asked the radio representative if it would be permissible for me to say the word "JEW" in a derogatory manner on radio. He made it very clear to me that if I did there would be "trouble." What he meant was that if I said the word JEW on radio even from Mexico that my privilege to buy radio time would be in jeopardy.

Not only are the Christian churches controlled by the Jews, but also radio is controlled by the Jews. There is not one radio station

IN THE WORLD which is not ultimately controlled by the Jews.

Permit another illustration which brings the matter close to home. Several weeks ago we made arrangements with a radio station in Hot Springs, Arkansas (KBHS) to broadcast THE WINROD HOUR on Sunday mornings just before Sunday School.

On January 29th, just two weeks ago, I received this word from the radio station:

"Thank you so much for placing your fine program on our station. I have received the tapes and will start the first program next Sunday February 3, 1963.

"It was not necessary to send a check for your first broadcast; however, you will be credited for this in our books.

"Thank you once again for your placement of the WINROD HOUR on KBHS."

A few days later, on Sunday morning, February 3rd our broadcast was heard throughout the State of Arkansas. I did not say the word "Jew" in the broadcast, although reference was made to "Israeli" and "antichrists."

Our second broadcast on KBHS, from Hot Springs, was to be heard last Sunday, February 10th.

Then came the SHOCK! On February 9th we received the following telegram from the radio station:

"THIS IS TO ADVISE WE DESIRE TO TERMINATE YOUR BROADCAST SCHEDULED KBHS SUNDAY 915 to 930 AM. WE PREFER NOT BROADCASTING PROGRAM STARTING FEBRUARY 10 HOWEVER WE WILL IF YOU REQUIRE TWO WEEKS NOTICE MAKE LAST BROADCAST FEBRUARY 17.

(Signed:) B. P. TIMOTHY, KBHS."

I did not answer the telegram. The next morn-

ing at 9:15 jazz music played during the time previously contracted for THE WINROD HOUR. No explanation was offered.

Here is the silent way that the JEW POWER works. We are not on KBHS. We were allowed ONE broadcast on the station. Then it was not there any more. But who knows about this? Who knows why?

The only people who know are the man who sent the wire, and I who received it (and, of course, every Jew in Hot Springs, you may be sure) and the people here in our congregation. But the Christians do not know. The public knows nothing of all this.

This JEW POWER of which I speak is not something I have read about and heard about. I am speaking from current bitter experience, which I have now related to you.

There are certain areas throughout our land which are more Jew-dominated than other areas. In the rural and small-town areas with less powerful radio stations, we may have a little better opportunity of buying radio time to get our message of truth to the people quickly.

As we are able to put our broadcast in such places as this where it may still be allowed, we shall try to get THE WINROD HOUR on the air. The situation is deplorable. But we must make the best of it that we can.

A little foreign born, Austrian, alien, anti-christ Jew by the name of Felix Frankfurter, who has yet to prove that he has taken out citizenship papers in this country, was lifted to the highest court in these United States for 23 years. Many millions like him have swarmed in upon our land, are not citizens, and do not pay taxes because they are not citizens.

On the other hand, I was born in the U. S. This is my country. My parents were born here. My grandparents were born here. All my great-

grandparents were born here. My lineage can be traced back to fighters in the War between the States, to the Revolutionary War and to the pilgrims of the 17th century. Yet, I cannot freely buy radio time in my own country to preach the cross, Christ and Him crucified, and to hold up truth and righteousness, morality, law and order—because foreign born antichrist aliens have come in upon our land and have become our government.

My dear Christian friends, it is time for us to fight the Jews every way possible. To this sacred cause I am dedicated completely as my dear blessed Savior was before me . . .

Yours in the service of our
Savior and God, Jesus Christ,
Gordon Winrod
