Dear Werner : 1982.268.13

Enclosed you find the letter
from the Nov. 9th mail - it came
back yesterday - why - Don't
you leave a forwarding address
when you move - or inquire
afterward - how come?

Was very disappointed when
the letter returned - thought
you were on your way already
Please bear in mind that

I shall not try again - because
I think that is utterly careless
on your part - it is always
a great deal of trouble to chase
around and I am quite busy.

Let me know if it is O.K.
now and that it will do the
trick for you -

as always

Ho
