Dear Mother & Dad,

France.

I received a package from you last night and one from Shirley. I also got a letter from Mrs. Fluter. One of my two roommates also got a package. (His package was an Xmas package but mine was one I believe you mailed in September which had canned coconut, and cookies in it.)

Anyway, all three of us are enjoying the treat of the boxes we got. You don't know how much I appreciate the things you send, but I certainly thank you for sending the packages.

We have had some more rain and it is quite cold now.

Saturday I was permitted to go to headquarters to see and hear Lt. General Patton give a short speech to some of XX Corps officers and men. He looks just like his pictures. The speech he gave was very short and not so astonishing as some he has made.

Well, enough for tonight. Goodnight & may God bless you.

Your loving son,
Cliff
