Dear Sister & Brother,

Due to my having only a few spare moments I am writing only a card to thank you for your letters. Maybe I can write a letter to you Sun. We certainly have less spare time now than ever before and may have even less during the next two weeks, but after two weeks

I may get a furlough.

I am hoping and praying that I may get home to see all of you. Most of all, though, I want to see Shirley and Laura.

Well, kids, I am praying for you & I think of you often.

One more week of school & one week of hikes & then I hope to be on my way home.

I'll be seeing you, God willing.
lots of love. Your brother, Cliff
