Dear Sister & Brother,

I have a few minutes so thought I would drop you a line. Most of the news you can get from Shirley & Mother but I want you to know that I am not forgetting you & I want you to write often & regularly. I kinda live for "mail call" & when I get letters from home I feel happy for hours.

We have really been going this week. Long marches, & fast marches with full pack, rifle, bayonet, gas mask, canteen, & first aid packet & cartridge belt. We marched in rain, mud, & water. We have been on the firing range with the rifles too. Write soon.

Love, Clifton
