Dear Mr. Resin:

Sir, I was most touched by your taking time out to call and then sending the photo copy materials you had promised. Your consideration and kindness is most appreciated. Our resource's efforts have been aided along the way by giving, caring, concerned people such as yourself. Very often my job is a frustrating one made more difficult by lack of funding and bureaucratic hassels. We have striven to create the very best collection of materials in North America, and, I'll be darned if we have not. We will appear very briefly on the BBC in the Fall, and, blieve it or not extensively on Japanese T.V. .

In any case, should you ever decicide to make actual photos-of your fantastic negative prints we would be most willing to pay for the cost of printing the copies and shipping them.

Please once again accept my deepest thanks and appreciation for your generosity and consideration. A very pleasent Summer vacation.

Most Sincerely Yours,

Stuart S. Elenko
Director.
