

# HOTEL - ORBIS - GRAND

3.18.90

My Darling,  
We are in Sopot - we were here for vacations every year.

The season has not started so it is quiet, but the Grand is full - we got the last room. I can see Baltic sea from the balcony. Andrews brother Peter will join us here for breakfast - he lives 10 min. away by electric train - in Gdynia (a port town).

I had a chance to talk with a few young people - some divorced. There is apathy & not much hope, but they study & learned languages & hope to emigrate to Australia or ?

~~There is a possibility to work at the  
Hotel at that time. I have cash  
(with my friends here) otherwise  
I will have trouble at the  
end of trip. I will reimburse them  
if they are successful flight they~~

just in case

In Poznan, the first leg of our  
trip from Berlin, we saw Goral  
from Zakopane selling goat  
cheese "Osečka" & hand made  
slippers - of course bought them.  
Saw Andrews magnificent house  
just from a taxi.

It is really better than  
expected. We ate in nice  
restaurant - chicken & something  
called "Pysa" russian version  
of a "cannon ball" made of  
flour & baking powder.

We will take electro. train  
to Sdaisk, Jastrzebia Gora  
(Lido Hotel of A), It's quite  
exciting to stay here at the  
Grand - 100 years old.  
You should see the bathtub  
& fixtures!

With love

Sofia Niko  
totally bewildered  
but happy!

Best regards

from So pot Andrew
