Dear Joe,

Mrs. Naile Jacobson has been sent to me by her uncle, George Jacobson, an active communal leader in New York, whom I have known for many years.

In the course of my talk with her this morning, it appears that the lady is a linguist of note and a graduate of prominent European universities. She is thoroughly familiar with French, Italian, Spanish, Greek and English.

It occurred to me that a person possessing such knowledge may be of use to you somewhere in the JDC setup. Any courtesy, help or information that you may give her that would help her locate herself in Europe for the next several years would be greatly appreciated.

It strikes me that her experience with languages may particularly qualify her if not with the JDC then with some UN work.

However, I believe that if you interview her for several moments you will get your own impression.

Best regards.

Sincerely yours,

*moe*
