To whom it may concern.

Mrs. Grete SINAI residing in Shanghai has been in our employment since July 1945 until today. Mrs Sinai held a most trustworthy position with us as she was designing knitted wears for ladies as well as for men and besides she was operating the overlock machine.

Mrs. Sinai is also an excellent cutter, as well as she is able to operate knitting machines. Mrs. Sinai is accustomed to work on her own and full aware of the responsibilities laid on her. She is leaving our company on her own request and we regret very much losing her.

We wish Mrs. Sinai all the best for the future.
