## COMBINATION PRIZE JOKER No. 1.

"What do you think, my wife bought a suit of combination underwear, and she can't get it off."

"How is that?"

"She lost the combination."

*Patient*—"As we have known each other so long, doctor, I do not intend to insult you by paying your bill. But I have left you a handsome legacy in my will."

*Physician*—"Very kind of you, I am sure. Allow me to look at that prescription again. There is a slight alteration I should like to make in it."

I was at a party the other night and kissed a girl; she had me arrested and sued me for damages. She didn't get any damages out of me, though, for I proved to the court she had no sign up, "look out for paint."

"That girl of yours is a sweet kisser."

"How do you know?"

"Oh, I had it right from her own lips."

A friend of mine his mother-in-law died while he was away from town, and the undertaker wired him, "Shall I embalm or bury her?" He wired back: "Take no chances, cremate her."
