

TO THE PATRIOTS OF LOS ANGELES:

IS DR. WILLIAM EVERETT WARNER, OF COLUMBUS, OHIO, SELF-APPOINTED CANDIDATE FOR THE SUPERINTENDENCY OF THE LOS ANGELES PUBLIC SCHOOLS A REPUBLICAN, OR A NEW DEALER? He held political appointments under the Roosevelt regime and is now holding a political appointment in Ohio under Democratic Governor Lausche. (See Dr. Warner's own biographical statement, dated January, 1954, under "Consultancies" and "Military and Civil Defense".)

IS DR. WARNER THE WESTERN SPEARHEAD FOR THE DRIVE TO PURGE CONGRESSMEN WHO PUT THE UNITED STATES FIRST? (See Walter Trohan's front-page article in Chicago Tribune of March 22, 1954.) We have been informed that this drive "which emanates in the White House" is to be carried on through schools, the Rockefeller-supported churches of the Federal Council of Churches and through Civil Defense, together with leftist labor groups.

IS DR. WARNER SEEKING THE SUPERINTENDENCY OF THE LOS ANGELES SCHOOLS IN ORDER TO CARRY OUT THE ORDERS OF THE ROCKEFELLER-FORD FOUNDATION-UNESCO-UNITED NATIONS AXIS? Dr. Warner lists himself as a consultant for "General Education Board (Rockefeller)". (See "Consultancies" in Dr. Warner's own statement under date of January, 1954.)

"The General Education Board (Rockefeller)" referred to by Dr. Warner, gave \$5,923,747.62 for the development of Progressive Education; made a grant recently to the Ford Foundation of \$350,000; gave \$51,000 to the National Educational Association for the "Building America" textbooks, banned from our schools by the California legislature. (See pages 129, 145 and 146, Josephson's book, "Rockefeller, Internationalist".) This same General Education Board sponsored the Institute of Pacific Relations, "top Soviet propaganda and espionage agency in Asia". (See Mr. Josephson's book, page 159.)

IS DR. WARNER PLANNING TO USE THE PUBLIC SCHOOLS, TOGETHER WITH CIVIL DEFENSE AND RESERVE OFFICERS ASSOCIATION FOR A MILITARY TAKE-OVER OF OUR LOCAL GOVERNMENT? Remember these organizations' attempt to do this very thing, in the summer of 1951? They called it "The United Nations Forces of the Military Government of Agressi". Dr. Warner has been active in Civil Defense and Reserve Officers work, and served as a officer in the Military Government in Germany. (See Dr. Warner's own statement under heading, "Military and Civil Defense".)

The above pertinent questions are asked, with suggested reading matter, by the undersigned, a resident of the Los Angeles School District. The real issue today between President Eisenhower and Senator McCarthy is: Is our Republic to be governed by a military dictatorship, ruled by the Communist-dominated United Nations, or by the elected representatives of our Sovereign People? Only you can answer this question.
