

# The Condemned Generation

by Eustace Mullins

The Republic of the United States of America faces today the problem of our condemned generation. If you are an American boy between the ages of 16 and 25, you have been condemned by the international Jewish bankers to die in a useless Zionist-Communist-inspired United Nations war! You are surplus on the employment market, and the Yiddish bankers have decided to send you out to be massacred, as they have done throughout history with the surplus Gentile cattle. The Jews consider you as animals, to be killed for profit.

These international Jewish bankers, acting at the United Nations headquarters in concert with the Yiddish representatives of the Jewish-dominated Soviet Union, have already decided that you are to be killed. Col. Robert S. Allen in his column in the New York Post of June 15, 1954, revealed that a General Assembly meeting of the United Nations would soon be called to approve the decision to slaughter American boys in Indo-China. The Jewish Congressman Javits was quoted as urging haste in the decision. Ninety-five per cent of the "United Nations" troops, of course, would be American boys, just as in Korea, and a few British and Canadian troops would be thrown into the massacre as a sop to the Jewish conception of "international co-operation to preserve peace."

What can we red-blooded Americans do about this plotted crime? It is treason to revolt against the United States Government, but **is it treason to revolt against the Zionist-Communist United Nations?** Is it treason for American boys to refuse to serve under the filthy Jewish banner of the United Nations? These are questions which must be answered, even if they are to be answered with blood!

The international Jewish bankers and their racial brethren in Russia, the Yiddish Kaganoviches and Ehrenburgs who hold the Russian people in abject slavery under atheistic Communism, are not even content to let our boys be massacred as Americans. They must be murdered under the sickening title of "United Nations soldiers"! How many American youths now in the bloom of health will have their hands tied behind them in Indo-China and shot in the head as many thousands were in Korea? It is already decided that no patriotic American general will be allowed to command the boys who will be sent to Indo-China. It was recently revealed by columnist John O'Donnell that all generals sympathetic to the patriotic views of General Douglas MacArthur were quietly being retired, so that they would have no chance to try to win in Indo-China, as MacArthur tried to win in Korea until he was ordered home by Harry Truman, the promoter and protector of Communist traitors like Harry Dexter White and Alger Hiss! The Jewish General Mark Clark will be called back to active duty to supervise the slaughter of our boys, in conjunction with General Lyman Lemnitzer and other friends of Anna Rosenberg.

The lives of our American boys could be saved if fifty international Jewish bankers could meet a speedy and well-deserved death. The demise of these bankers would cause the immediate collapse of the world-wide Zionist-Communist United Nations structure. If the United Nations building must survive, let it become a crypt for the Satanic Jews who day and night plot the massacre of the flower of American youth. Americans, unleash your passions! The hot blood which stood us at Concord still flows in our veins! The fathers of the condemned generation must not stand passively by and watch their sons marched off to the kosher slaughter-house. We need American boys for the defense of America against Jewish Communism. Let us ally ourselves together in the refusal to permit the slaughter of our boys in useless Zionist-Communist United Nations wars!
