Autobiography by Austin J. App, Ph.D.

Associate Professor (Retired), LaSalle College

The 43 chapters of the biography recount the author's forebears and family, his birth in Milwaukee; his youth on a farm in Mequon and his one-room schooling; his eight years high school and college, St. Francis Seminary, Wisconsin; his four years on a K of C Graduate Fellowship at the Catholic University, D.C., leading to his M.A. in 1926, his Ph.D. in 1929; his career as a college teacher of English at the Catholic University, 1929-35; the University of Scranton, 1935-42; Incarnate Word College, San Antonio, 1944-8; and LaSalle College, Philadelphia, 1948-68; and his service in the Army and in industry, 1942-44. Also, chapters on his adventurous summer vacations and his many visits to Europe and his speeches abroad.

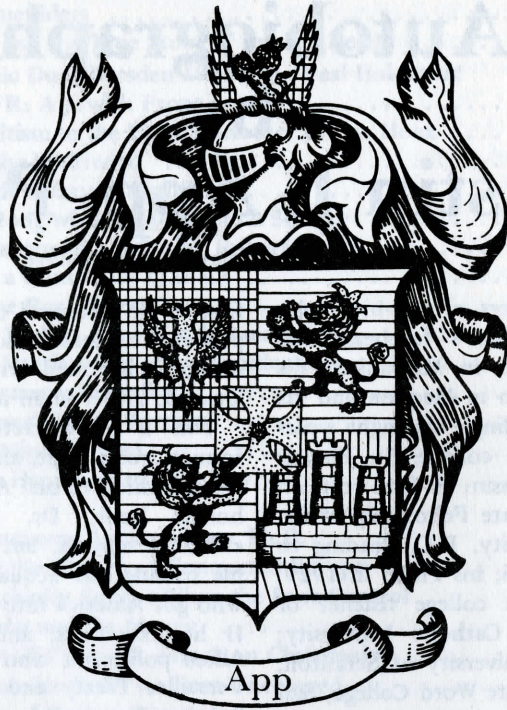

Since this edition is limited, Dr. App wants those associated with him in these stages of his career, as well as friends and acquaintances, and also those who since 1946 have subscribed to his books and pamphlets, to be the

first to be informed of his latest and probably his last book. A copy of the index is included with this circular letter to give you an idea of its scope.

This is an attractive book, good format, good print, and relatively few typographical errors! Above all, it is an honest book. Dr. App at times criticizes himself, but also sometimes his friends and acquaintances. Those who got America into World Wars I & II he excoriates, and the U.S. and Allied politicians who committed the Versailles Treaty and the even worse Potsdam Pact.

The author realizes and regrets that some of his friends and colleagues, who knew him only as a kindly and 'harmless' English teacher, will be surprised, and perhaps shocked, and even angered to learn that ever since the Potsdam Pact he has led somewhat of a double life, one of which was that of an angry pamphleteer demanding a correction of the atrocities the victors committed against the German people.

German-American Voice for Truth and Justice

He hopes, however, that in a world in which most political writing is dishonest, and many memoirs ghost-written, this somewhat unique effort at impartial honesty and frankness will be appreciated, even if, like Christ's confrontation with the money changers, it is not always soothing.

This autobiography is as factual and reliable as possible. Dr. App had not only his memory and his publications

to rely on, but also since 1919 diaries and journals. He hopes that no worthy reader will be tragically offends. As a life-long professor, he takes for granted that every reader will find something or other to be mad about, but, he hopes, will also find much to be pleased with! Everyone should find certainly some chapters fascinating. Again, as an old teacher he would recommend skipping around among chapters (as with the Bible!) than straight from Page 1 to 300.
