

23 DPA SERIES: THE NAZI HOLOCAUST - SERIES II — Jews were rounded up throughout Europe, brought to assembly points, and deported to death camps in Poland. The Nazis went to incredible lengths to deceive their victims. One example: "A fictitious railway-station was set up at the loading platform inside the camp (Treblinka). Signs showed false exits to other platforms to ticket-offices, to toilets and so on. On the administration building there were false inscriptions indicating refreshment rooms, waiting rooms, ticket-offices and so on. Because of this, victims only realized at the last moment, before the doors to the gas-chambers, that they were threatened with an unavoidable death." The above
